I am currently pursuing an undergraduate degree in Computer Science and Engineering. Seeking an opportunity to apply academic knowledge and further develop technical skills in web development, full-stack development and Data Analytics.

My portfolio website – https://monika-m-24.github.io/My_portfolio/

EDUCATION:

ARUNAI ENGINEERING COLLEGE (2021-present)

B.E. in Computer Science and Engineering

- Current CGPA: **8.35** / 10.0 (up to 7th semester)

INTERNSHIP EXPERIENCE:

Web Development Internship

Techno Hacks Internship:

I did three tasks:

- The login page features an input field for username and password and a login button.
- A basic math calculator: A simple web application that performs basic arithmetic operations (addition, subtraction, multiplication, division) with a user-friendly interface for inputting numbers and displaying results.
- A personal portfolio website.

Full-Stack Development Internship:

Shiash Info Solutions (JULY 2024-AUGUST 2024)

I completed a one-month summer internship in the domain of full-stack development, where I performed various daily tasks.

SKILLS:

- Proficient in JavaScript, HTML, and CSS.
- Proficient in Power BI
- Programming language: Python.
- Familiar with Front-end Framework: AngularJS
- Time management
- Teamwork

CERTIFICATION:

- Certified in **AngularJS** by **IBM**.
- Certified in Front-end **HTML** and **CSS** from Great Learning.
- Achieved **Web Technology Full-Stack using Django** under the Next Gen Employability Program and TNSDC-Naan Mudhalvan Program 2023-2024.

PROJECTS:

- Developed my portfolio website using HTML, CSS, and JS during my AngularJS course period.
- Developed a **bus reservation system** website using Django.
- Sales Marketing dashboard using Power BI
